PROFILE

Software consultant with 2 years of experience in building large-scale web Frontend applications for leading companies in the IT and Automobile sectors. Proven track record of working in small teams to deliver multiple products while demonstrating leadership and teamwork. Highly skilled in continuous integration, deployment, and agile development practices. Adept at collaborating with UX teams to create interactive applications and proficient in a variety of modern web development technologies.

PROFESSIONAL EXPERIENCE

Software Consultant

Mercedes Benz Research and Development India 

08/2022 – present | Bengaluru, India

Mercedes-Benz Research and Development India (MBRDI)

is a captive unit for research, IT, and product development activities. It focuses on CAD, CAE, and IT programming across the group's business units.

Roles & Responsibilities:

- Implemented Frontend web development using **Vue**, **TypeScript**, **Vuex**, and **TailwindCSS** in primary projects.
- Implemented Full stack web development using **React**, **MaterialUI**, **Redux**, **FastAPI**, **PostgreSQL**, and **Nginx** in secondary projects.
- Responsible for deploying applications to **PaaS** platforms and automating processes with **Docker**, **Azure DevOps**, and **Cloud Foundry**.
- Collaborated with UX teams to create interactive applications.
- Determined developer requirements and specs, estimated time, and converted designs into Frontend code. Worked collaboratively in teams to carry out ideas and tasks.
- Operated within an **agile** framework, collaborating with business and research teams in story grooming, reviewing stories, acceptance criteria, and performance metrics.

Technology:

React.Js, MaterialUI, Vite, Vue.js | HTML5, CSS, JavaScript, TypeScript | Python(FastAPI), TailwindCSS, DaisyUI, Docker | PostgreSQL, Azure DevOps, Github API's, JWT & OAuth SSO.

Member Technical Staff

Ziroh Labs Pvt. Ltd. 

02/2022 – 07/2022 | Bengaluru, India

Ziroh Labs is an innovation-driven deep-tech startup focused on maintaining data privacy through its patented, award-winning, pioneering, fully homomorphic encryption technology.
